

The Vitasoy logo is centered at the top of the image. It features the brand name "Vitasoy" in a white, sans-serif font. The letter "o" is replaced by a circular icon containing a stylized green leaf. A registered trademark symbol (®) is located to the right of the brand name. The background of the entire image is a lush, green monstera plant with large, perforated leaves. In the center, a pair of hands is shown pouring milk from a stainless steel pitcher into a white coffee cup. The cup is placed on a light green saucer, which sits on a round wooden cutting board. The coffee in the cup has a latte art design of a leaf. The overall scene is set against a dark brown background, creating a warm and natural aesthetic.

Vitasoy®

**Home grown milk,
made for coffee.**

Grown from plants for barista made coffee

At Vitasoy, we make our plant milk using only the best ingredients, through a process we've refined to be as simple as possible. We believe in supporting local Aussie farmers, proudly manufacturing our Café for Baristas products in regional Victoria, Australia – which means lower food miles from farm, to factory, to your loyal customers.

Made exclusively for trade, our Café range has been specifically formulated to froth just like dairy milk, complementing your barista skills to deliver the perfect plant-based coffee every time.

Proudly Supporting Aussie Farmers

Grown by Aussie farmers

Grown in the fertile Australian soils by a small group of local farmers, our ingredients are harvested and delivered to our Wodonga Factory.

Made by us

We then soak our soy beans, almonds, and oats until they are ready to be ground, then blended with filtered water and other important ingredients like calcium.

Enjoyed by you and your customers

Made with you in mind, our Café range is home-grown in Australia, especially for coffee to allow the coffee beans to be the hero.
